

(APEX) CREDIT RECOVERY PROGRAM
2008-09

High school students who fail one or more courses and need to make up those credits may now do so by taking designated online courses from APEX Learning®. The courses that have been approved for district credit recovery in 2008-09 are from the Core (CR) course track of the Apex ClassTools Achieve (ACTA) program. They are listed below, along with their district course equivalents:

HIGH SCHOOL-COLLEGE/ UNIVERSITY PARTNERSHIPS 2008-2009

Effective Fall 2007, high school students can earn elective graduation credit for core coursework taken at a college or university through a High School-College/University Partnership agreement. A Board of Education-approved Memorandum of Understanding (between the student’s individual school, the district, and the community college/ university) must be in place before the coursework begins. For specific details and requirements of the program, please refer to District Administrative Procedure 4322, *Enrollment of Students in College Courses on a Part-Time Basis*. The tables below show the District high schools that have current partnership agreements, and the courses approved for graduation credit under each of those agreements.
